Gallien in seiner Gesamtheit zerfällt in drei Teilen, deren einen die Belgae bewohnen, deren anderen die Aquitanier, deren dritten die, die in ihrer eigenen Sprache Kelten, in unserer Gallier genannt werden.	All Gaul is divided into three parts, one of which the Belgae inhabit, the Aquitani another, those who in their own language are called Celts, in our Gauls, the third. All these differ from each other in language, customs and laws.
